

MetacatUI - Bug #7028

Nested package counts uses plural form when there is only one child dataset

05/16/2016 12:59 PM - Bryce Mecum

Description			
When viewing a data package with a single child package, Metacat UI shows "Show 1 nested datasets", which uses the plural form of dataset, when it should use the singular form. I expected the button to say "Show 1 nested dataset".
