Bugzilla-ld:

Description

As described in https://redmine.dataone.org/issues/7810, add an 'Expect: 100-continue' HTTP header to all requests being sent to MNs or CNs in the MetacatUI client.

History

#1 - 05/17/2016 04:27 PM - Lauren Walker

After doing some research, I can't find a way to set the "Expect" header in the XHR object without the browser blocking it, via the W3C XHR specs - https://www.w3.org/TR/XMLHttpRequest/#the-setrequestheader()-method

#2 - 05/18/2016 03:20 PM - Lauren Walker
