

MetacatUI - Bug #7180

name from ORCID incorrectly parsed

04/06/2017 03:42 PM - Matt Jones

Status:	Rejected	Start date:	04/06/2017
Priority:	Normal	Due date:

Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Bugzilla-Id:			
Description			
When I logged into the KNB (via dev.nceas.ucsb.edu) for the first time with ORCID, it retrieved my name for my profile, but parsed it incorrectly, putting my surname as "B. Jones", rather than correctly identifying my middle initial in the name,. See the attached screenshot. In addition my email address was not extracted from ORCID, which would have been good.			

History

#1 - 04/12/2017 01:29 PM - Lauren Walker

- Status changed from New to Rejected

I've moved this ticket over to the DataONE Infrastructure redmine: <https://redmine.dataone.org/issues/8069>
