Mike, could you send me or attach the access mdb used in this bug report ...

#3 - 01/08/2003 01:27 PM - John Harris

Gabe, has made significant progress on this bug. This bug and the other bugs related to loading plots data will be fixed for the beta1 release.

Vegbranch loading works well enough that this high level bug I feel is outlived it usefulness to me.

There are still problems with loading but I would prefer if we generated bugs as they are identified

#6 - 01/31/2005 02:53 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get deleted with component. Sorry for all the email.
