This is a more commonly used bit of data that users will want to add outside of
a plot. Also somewhat simple in implementation -- simple form linked to one or
two tables. (A bit more for community -- but this functionality is quite
central to what we're working on.)

see http://tekka.nceas.ucsb.edu/~lee/forms/ for current party forms that I've
designed.

changed from components that are to be deleted to "misc" so that bugs don't get
deleted with component. Sorry for all the email.
