Description

The current attempt at form-based editing in mde (ContentEditFrame) is broken and should be eliminated from the UI until it is fixed. When it is working, we should eliminate the text input dialog box, as it would be confusing to have both mechanisms for changing field contents.

History

#1 - 09/15/2000 02:18 PM - Dan Higgins

ContentEditFrame has been set to be invisible

#2 - 03/27/2013 02:13 PM - Redmine Admin
