History

#1 - 11/30/2002 03:24 PM - Michael Lee

- Bug 577 has been marked as a duplicate of this bug. ***

#2 - 11/30/2002 03:27 PM - Michael Lee

Currently when a user selects a plot to view from the vegbank system, the user is sent a document that is transformed by an old stylesheet designed by JHH. This stylesheet needs to be redone in order for users to see the data in a format expected by an ecologist.

After this stylesheet is completed, it needs to be given to John/Gabe for implementation.

#3 - 04/19/2003 08:21 AM - Robert Peet

ML will design these stylesheets and pass them past RKP for evaluation and review. This is relatively urgent and must be in 1.0

#4 - 04/23/2003 12:55 PM - Michael Lee

The stylesheets have been redesigned for plot view -- short and long forms and can be accessed by querying for plots, then click on the "book" or "report" for long and short views of the plot, respectively. I pass this bug back to Bob for his approval/suggestions about the view of the plot. OR click to URL:

<http://vegbank.nceas.ucsb.edu/framework/servlet/DataRequestServlet?requestDataFormatType=html&clientType=browser&requestDataFormatType=vegPlot&resultType=full&queryType=simple&plotId=1273>

for full view, and for short view:

<http://vegbank.nceas.ucsb.edu/framework/servlet/DataRequestServlet?requestDataFormatType=html&clientType=browser&requestDataFormatType=vegPlot&resultType=summary&queryType=simple&plotId=1273>

From a phone conversation we had at one time about this form, I remember that Bob suggested the following:

-- Cover needs to indicate that it is in percent

Also, the view of plots can be upgraded when the XML doc for plots is upgraded.

#5 - 04/23/2003 12:58 PM - Michael Lee

There are also copies of the old view of a plot as well as the new views of a plot on bug 847, which has been resolved as it is contained within this bug.

#6 - 04/23/2003 01:00 PM - Michael Lee

- Bug 857 has been marked as a duplicate of this bug. ***

#7 - 05/07/2003 09:38 PM - Robert Peet

Links to the stylesheets are not now working. Need to be fixed before I can evaluate.

#8 - 05/23/2003 01:53 PM - Michael Lee

Not sure why the query page isn't working now, but in the meantime, Bob can evaluate what the pages look like (fonts slightly off due to stylesheet being ignored- not sure why, but it looks a bit tighter on vegbank). Header and footer are also old, but you get the idea:

<http://bugzilla.ecoinformatics.org/attachment.cgi?id=68&action=view>

is the summary and

<http://bugzilla.ecoinformatics.org/attachment.cgi?id=69&action=view>

is the comprehensive view.

These are attachments to bug 857.

These will need updating after our XML gets updated.

#9 - 11/21/2003 09:55 PM - Michael Lee

this bug has been passed by the better and higher goals of the very humble bug 1220

- This bug has been marked as a duplicate of 1220 ***

#10 - 01/31/2005 02:54 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get deleted with component. Sorry for all the email.
