Description

Many current user interface features are advanced and should by default be hidden to simplify the user interface. An "Expert mode" toggle icon or checkbox in the toolbar would provide a quick way to switch between modes. ALL UI features need to be evaluated for their appropriateness in the two modes (default, expert).

History

#1 - 08/23/2000 11:42 AM - Dan Higgins

Need to carefully consider what is 'advanced' and what is not. User input needed?

#2 - 09/26/2000 11:48 AM - Dan Higgins

Expert Mode switch added to toolbar

#3 - 03/27/2013 02:13 PM - Redmine Admin
