Blocks VegBank - Bug #873: [1293] View a plot, quick view:evaluate		Closed	11/13/2002

History

#1 - 01/08/2003 09:14 PM - John Harris

Done in fall 2002.

This quick view of only one plot is no longer hooked up to the query page. The only option is the long view of a plot. The quick view needs to be hooked back up if it still exists. I think I remember us commenting it out in Sept 02, as it wasn't working properly.

bug 857 will be the design, evaluation, and implementation of the quick view of plot.

changed from components that are to be deleted to "misc" so that bugs don't get deleted with component. Sorry for all the email.
