needs to be decided before release. Also we should consider how people would pay -- logistical issues. If the limit is low, but the price not too much, we may run into many groups happy to pay, but an awkward paying process that turns users off (i.e. we probably won't do an online credit card payment).

907 has swallowed up this bug, so let's just pass the issues of this bug to that bug.

- This bug has been marked as a duplicate of 907 ***

#4 - 01/31/2005 02:54 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get deleted with component. Sorry for all the email.
