Bugzilla-Id:	922		

Description

Use of back button reportedly (Chad) messes up display in TextIMportWizard. Need to investigate and fix.

History

#1 - 12/04/2002 08:45 PM - Dan Higgins

Apparently, the reported problems were due to setting the starting row to 0, which should not have been allowed since the row count, as indicated in the step 1 screen is 1-based. Code has been modified to not allow setting the starting row to less than 1.
