Target version:	1.10.0	Spent time:	0.00 hour
Bugzilla-Id:	930		

Description

Suggested feature enhancement from Christy Bowles:
Suggest that there be some explanation of popup that says something like "Click on a attribute name or column headed to see attribute data"
Needed because it is not obvious how to see such data.

History

#1 - 02/18/2005 05:13 PM - Veronique Connolly

Make it easier for users to find the documentation on their attributes
(especially in the tree editor by perhaps replacing "CHOICE" by "DATA TABLE").

Laura Downey's Morpho Usability Report (Feb 2005 KNB workshop) recommended:
"redesign category/attribute presentation."

#2 - 12/23/2009 10:03 AM - ben leinfelder

added following to the metadata display on the right:
"Selected column or <entity metadata>"
where <entity metadata> is a hyperlink-like button to redisplay the table-level documentation
