

Morpho - Bug #932

Disable tooltips when window is not in foreground

12/30/2002 02:33 PM - Dan Higgins

Status:	Resolved	Start date:	12/30/2002
Priority:	Normal	Due date:

Category:	morpho - general	Estimated time:	0.00 hour
Target version:	1.5	Spent time:	0.00 hour
Bugzilla-Id:	932		
Description			
Running the cursor over a tooltip in a background window brings that window to the front (in order to show the tooltip). That action is often unwanted and bothersome. Tooltips should be disabled in background windows.			

History

#1 - 02/03/2004 01:43 PM - Dan Higgins

When a MorphoFrame is Deactivated, a GlassPane for the window is made visible. This glass pane captures Mouse events and keeps the tooltips in deactivated windows from appearing. When the Frame is activated, the GlassPane is made invisible, so tooltips appear in the foremost window.
