Description

There are 3 bugs refering to the coding of new plugins for the Landcare, VPRO and NRIS plots data sets -- before this can be done there needs to be a map between each of these and the vegbank system.

This is very low priority and may never be built.

#2 - 01/31/2005 02:52 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get deleted with component. Sorry for all the email.
