History

#3 - 01/29/2003 10:18 AM - Gabriel Farrell

This plot fails to load at all because of single quotes in some data fields.

#4 - 01/30/2003 08:43 AM - Michael Lee

Gabe, I've come across this with SQL statements in Access and I solve the
problem by searching for single quotes (') and replacing with 2 single quotes
(''). The Access SQL interpreter then replaces the '' with ' when inserting the
data. For example:
INSERT INTO temptbl (tempfld) SELECT 'This is the ''way'' it is';
inserts the string:
This is the 'way' it is

Not sure if this is helpful, but I thought I'd give it a shot.

#5 - 01/31/2003 05:05 PM - Gabriel Farrell

The file Mike provided loads into the database and can then be read out and
compared to the the expected output he provided.

#6 - 01/31/2005 02:53 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get
deleted with component. Sorry for all the email.
