**Description**

In jlcommandproxy, we should use arrays rather than strings in communication between javascript code and the XPCOM components that it is calling.

### History

**#1 - 03/11/2005 10:30 AM - John Harris**

XPCOM, is no longer used within the Jalama project.

**#2 - 03/11/2005 10:42 AM - John Harris**

XPCOM, is no longer used within the Jalama project.
