Bug Resolved Not all tokens seem to be written when running WF from commandline Resolved Provenance - start auto-incremented IDs at 1 not 0 Resolved Report Designer - add/edit item labels Resolved Report Designer - Clicking the delete button removes unselected items Resolved Report Designer - difficult to enter text for Item labels Resolved Report Designer - do not allow dropping of actors on report Resolved Report Designer - dragging component makes text disappear Resolved Report Designer - dragging component window to the canvas does not drop where you want it Resolved Report Designer - Dragging workflow components near report fields adds text to the fields Resolved Report Designer - drop area is too small Resolved Report Designer - drop area is too small Resolved Report Designer - finalize Report item properties	4180	Bug	Resolved	Kepler command-line execution with cache	
Bug Resolved Provenance - start auto-incremented IDs at 1 not 0 3942 Bug Resolved Report Designer - add/edit item labels 4212 Bug Resolved Report Designer - Clicking the delete button removes unselected items 4218 Bug Resolved Report Designer - difficult to enter text for Item labels 4219 Bug Resolved Report Designer - difficult to enter text for Item labels 4210 Bug Resolved Report Designer - do not allow dropping of actors on report 4211 Bug Resolved Report Designer - do not allow dropping of actors on report 4205 Bug Resolved Report Designer - dragging component makes text disappear 4208 Bug Resolved Report Designer - dragging from the component window to the canvas does not drop where you want it 4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report Item properties	4186	Bug	Resolved	Metacat assumes (revision > 1) means "update" not "insert"	
Bug Resolved Provenance - start auto-incremented IDs at 1 not 0 3942 Bug Resolved Report Designer - add/edit item labels 4212 Bug Resolved Report Designer - Clicking the delete button removes unselected items 4218 Bug Resolved Report Designer - difficult to enter text for Item labels 4219 Bug Resolved Report Designer - do not allow dropping of actors on report 4210 Bug Resolved Report Designer - dragging component makes text disappear 4201 Bug Resolved Report Designer - dragging from the component window to the canvas does not drop where you want it 4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	4224	Bug	Resolved	New LSID generated when opened from KAR	
Bug Resolved Report Designer - add/edit item labels Report Designer - Clicking the delete button removes unselected items Resolved Report Designer - Clicking the delete button removes unselected items Report Designer - difficult to enter text for Item labels Report Designer - do not allow dropping of actors on report Report Designer - dragging component makes text disappear Report Designer - dragging from the component window to the canvas does not drop where you want it Report Designer - Dragging workflow components near report fields adds text to the fields Report Designer - drop area is too small Report Designer - finalize Report item properties	4228	Bug	Resolved	Not all tokens seem to be written when running WF from commandline	
4212BugResolvedReport Designer - Clicking the delete button removes unselected items4218BugResolvedReport Designer - difficult to enter text for Item labels4211BugResolvedReport Designer - do not allow dropping of actors on report4205BugResolvedReport Designer - dragging component makes text disappear4208BugResolvedReport Designer - dragging from the component window to the canvas does not drop where you want it4214BugResolvedReport Designer - Dragging workflow components near report fields adds text to the fields4207BugResolvedReport Designer - drop area is too small3992BugResolvedReport Designer - finalize Report item properties	4225	Bug	Resolved	Provenance - start auto-incremented IDs at 1 not 0	
Bug Resolved Report Designer - difficult to enter text for Item labels 4211 Bug Resolved Report Designer - do not allow dropping of actors on report 4205 Bug Resolved Report Designer - dragging component makes text disappear 4208 Bug Resolved Report Designer - dragging from the component window to the canvas does not drop where you want it 4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	3942	Bug	Resolved	Report Designer - add/edit item labels	
4211BugResolvedReport Designer - do not allow dropping of actors on report4205BugResolvedReport Designer - dragging component makes text disappear4208BugResolvedReport Designer - dragging from the component window to the canvas does not drop where you want it4214BugResolvedReport Designer - Dragging workflow components near report fields adds text to the fields4207BugResolvedReport Designer - drop area is too small3992BugResolvedReport Designer - finalize Report item properties	4212	Bug	Resolved	Report Designer - Clicking the delete button removes unselected items	
4205 Bug Resolved Report Designer - dragging component makes text disappear 4208 Bug Resolved Report Designer - dragging from the component window to the canvas does not drop where you want it 4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	4218	Bug	Resolved	Report Designer - difficult to enter text for Item labels	
4208 Bug Resolved Report Designer - dragging from the component window to the canvas does not drop where you want it 4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	4211	Bug	Resolved	Report Designer - do not allow dropping of actors on report	
4214 Bug Resolved Report Designer - Dragging workflow components near report fields adds text to the fields 4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	4205	Bug	Resolved	Report Designer - dragging component makes text disappear	
4207 Bug Resolved Report Designer - drop area is too small 3992 Bug Resolved Report Designer - finalize Report item properties	4208	Bug	Resolved	Report Designer - dragging from the component window to the canvas does not drop where you want it	
3992 Bug Resolved Report Designer - finalize Report item properties	4214	Bug	Resolved	Report Designer - Dragging workflow components near report fields adds text to the fields	
	4207	Bug	Resolved	Report Designer - drop area is too small	
4004 Pure Paralysis Paralysis Paralysis and Paralysis Paralysis and Paralysis Paralysi Paralysis Paralysis Paralysi	3992	Bug	Resolved	Report Designer - finalize Report item properties	
4204 Bug Hesolved Heport Designer - finding drag area on components is hard	4204	Bug	Resolved	Report Designer - finding drag area on components is hard	

04/19/2024 1/2

	Tracker	Status	Subject	Estimated time
4222	Bug	Resolved	Report Designer - icon for the static graphic image switches back to generic icon after a drop	
4188	Bug	Resolved	Report Designer - Issues with text fields	
4206	Bug	Resolved	Report Designer - layout in left pane is scrunched up	
4213	Bug	Resolved	Report Designer - north and south labels swap	
4176	Bug	Resolved	Report Designer - opening KAR omits title	
4210	Bug	Resolved	Report Designer - scrollbar goes off the screen	
4209	Bug	Resolved	Report Designer - Text randomly disappears when dragging new components	
4226	Bug	Resolved	Report Designer - use 16pt bold for Report Title text field	
3994	Bug	Resolved	Report Designer - use "workflow outline" rather than Items of Interest	
3638	Bug	Resolved	Report design features, Stage 2	
4221	Bug	Resolved	Report Viewer - Need more space between each element	
4217	Bug	Resolved	Report Viewer - "nil" not rendering consistently/correctly	
4220	Bug	Resolved	Report Viewer - South label is not being rendered	
4223	Bug	Resolved	Report Viewer - Text runs over edge of button for 'Refresh using current layout'	
4185	Bug	Resolved	TabManager acting strangely	
3632	Bug	Resolved	TPC exceedence notification feature	
4172	Bug	Resolved	Use DEV server for registry in the WRP suite	
4149	Bug	Resolved	Workflow Run Manager - Export Runs feature	
4148	Bug	Resolved	Workflow Run Manager - Upload to Repository feature	
4036	Bug	Resolved	WRM - connect to configurable provenance store	
4192	Bug	Resolved	WRM - do not prompt for KAR file when uploading to repository	
4181	Bug	Resolved	WRM - provenance sql.properties "DB Name" ignored	
3999	Bug	Resolved	WRP - create event-driven states for Kepler	
4020	Bug	Resolved	WRP - create WorkflowRun object to encapsulate provenance/report instances	
4177	Bug	Resolved	WRP - look up Parameter values from Provenance	
4001	Bug	Resolved	WRP - Save/Open KARs containing MOMLs and ROMLs	
4200	Bug	Resolved	wrp suite - blank workflow says you've made changes upon exit	
4000	Bug	Resolved	WRP - upload PRAs to repository
